NAZIS PENETRATE STALINGRAD OUTSKIRTS

Heavy Fighting Rages as Japs Drive Toward Moresby

Hordes Of German Reserves Reported Moving Upon City

BY ROGER D. GREENE
Associated Press War Editor

Russian headquarters acknowledged for the first time today that the German siege armies, throwing "several tens of divisions" into the assault, had broken into the northwest outskirts of Stalingrad and reported that bloody house-to-house fighting was in progress.

While there was still no intimation that the city was falling, the Soviet radio conceded that the Germans were "still pressing forward . . . sustaining enormous losses."

Vast hordes of German reserves were reported moving up to replace the fallen, some arriving in transport planes landing immediately outside the city.

BY HENRY C. CASSIDY

Moscow, Sept. 17.—(P)—German and Russian infantrymen battled in the attics and cellars of a northwestern section of Stalingrad today after the gates of the city finally had been opened to the invaders by massed tanks.

Bombs rained down without a lull upon the defending army—made up of soldiers, Red marines and armed civilians—and buildings within the smoking city on the elbow of the Volga as waves of Nazi dive-bombers hurled themselves into the assault.

It was apparent from field dispatches that the German air force held a clear numerical superiority and was hard for Soviet fighters to meet.

The Moscow radio announced that the invaders were maintaining their advance, despite thousands of casualties. Successful defensive actions were stressed by the Soviet information bureau's mid-day communiqué a few hours later, however, and Russian field dispatches in no way intimated that the fighting was lessened or that the city was falling.

In the northwestern outskirts of Stalingrad, enemy automatic rifle-men supported by tanks were repulsed by a Soviet infantry unit," the communiqué said. "Six tanks were disabled or set on fire by anti-tank rifle fire, hand grenades and incendiary bottles. The enemy automatic rifle-men were surrounded and wiped out."

About 650 Germans were reported.

BULLETINS

London, Sept. 17.—(P)—A Reuters dispatch from Istanbul today quoted Belgrade reports that the Germans had shot all male inhabitants of four Yugoslav villages and sent the women and children to concentration camps in reprisal for the blowing up of a German military train.

Helsinki, Sept. 17.—(P)—For the second consecutive day the Finnish command reported today that the Russians were attacking heavily north of Lake Onega, and said that "although repeatedly repulsed, the Russians continue to throw fresh troops into the assault."

London, Sept. 17.—(P)—A Reuters dispatch from Stockholm today quoted what it called a reliable German-operated ship report that 24 German-operated ships were sunk last week off the coast of Norway by Allied planes and submarines.

Washington, Sept. 17.—(P)—Petroleum Coordinator Harold L. Ickes announced today that the oil industry had agreed to accept minimum specifications for petroleum products and to pool facilities in the eastern states to increase their shipments to that area.

Washington, Sept. 17.—(P)—Motion picture producers and distributors, during the year beginning Oct. 1, must get along with 10 to 24 per cent less film than they used during 1941, the war production board announced today.

Tokyo (From Japanese Broadcasts) Sept. 17.—(P)—Masayuki Tani, 53-year-old career diplomat who has been president of the board of information since General Hideki Tojo became premier 11 months ago, was named foreign minister today.

Washington, Sept. 17.—(P)—Revisions of the present war contract renegotiation law which would receive business of uncertainties caused by frequent actions to scale down profits may be proposed to congress by the army, navy and maritime commission.

HEARING ON MUSIC BAN IS UNDER WAY

Director of Office of War Information Says Petrillo Order Threatens Communication System

DAVIS IS FIRST WITNESS

Washington, Sept. 17.—(P)—Elmer Davis, director of the Office of War Information, told a congressional committee today that James C. Petrillo's ban against musical records and transcriptions threatened the war-time national system of communication.

Davis was the first witness before a senate interstate commerce subcommittee hearing called to determine the effect of public morale of the order by Petrillo, the president of the American Federation of Musicians, forbidding union musicians to make records and transcriptions for radio stations and coin-operated phonographs.

This order, Davis testified, had the effect of halting the making of records necessary to the keeping of audiences by upwards of 150 radio stations.

"A policy which threatens the continued existence of many of these stations is injurious to the national system of communication, and may seriously hamper the work for which the office (of war information) was established, of informing the people about the status and progress of the war effort and the war policies, activities and aims of this government."

Petrillo has contended that the use of "canned music" meant loss of employment for musicians. Davis said also he had been advised the "juke box" playing of recordings was a source of entertainment for troops in and out of the country.

He is not concerned, he said, with individual stations or proprietors of "institutions in which juke boxes are located, against whom Mr. Petrillo may have a grievance."

British Still Fighting On Madagascar

London, Sept. 17.—(P)—British forces were believed to be continuing their week-old advance today upon Tananarive, seat of the French administration of Madagascar, pending an agreement on armistice terms.

Sources here said there was no official information in London on the progress of negotiations which Governor General Armand Annet of Madagascar sought of the British commander, or of terms which might have been proposed. In seeking the armistice Annet asked that talks be arranged "to find means by which we can cease fighting with honor."

British columns, closing in since last Thursday dawn from key west coast ports, were reported officially to have pushed more than half the way inland toward the capital.

A French communiqué announcing Annet's overtures for peace said that pending an agreement French resistance continued, with "the battle still raging as violently as before."

Previously, however, all reports had described the French resistance as slight, slowing the British more by road blocks and destroyed bridges than by gunfire.

Chicago, Sept. 17.—(P)—All the Benjamin Franklins paused today to raise a cheer for Benjamin Franklin.

And at least two of his namesakes chose the occasion to hoist the amazing American up on the same pedestal with George Washington and Abraham Lincoln. Why today? Because today is the 155th anniversary of the signing of the constitution and the 20th anniversary of the beginning of an enthusiastic society of gentlemen known as the Benjamin Franklins. Benjamin Franklin Affleck, founder and president of the society, said it was his belief that the constitution would not have been written had it not been for the wise and conciliatory influence of Franklin at the Philadelphia convention.

Raft Found On Coast May Belong To Enemy

New York, Sept. 17.—(P)—The Eastern Defense Command announced today that a small raft had been found along the Atlantic coast of Long Island last night and that a shot was fired in an unsuccessful attempt to halt a prowler.

An army beach patrol, together with police and coast guard, later searched the vicinity but "discovered nothing unusual."

The announcement said the incident occurred at about 10 p. m. Eastern War Time.

New Warning Directed On Oil Heating

Many Face Prospect of 'Uncomfortably Cold Homes' Henderson Says

RATIONING IS COMING

Washington, Sept. 17.—(P)—Residents of 30 eastern and middle western states who depend on oil for heat face the prospect of "uncomfortably cold homes" this winter.

This warning came last night from Price Administrator Leon Henderson, who urged householders to "take out the oil burner and put in coal."

"The oil situation is so critical that there simply won't be enough to keep people warm in oil-heated homes," he said.

Henderson disclosed that the fuel rationing program in the 30-state area will be geared to a day-time temperature of 65 degrees under average weather conditions, compared with temperatures of 70 to 72 degrees maintained in most homes.

"If poor insulation and poor oil burner efficiency make it impossible to maintain the 65-degree temperature with this amount of oil, the householder is expected to turn to Page Thirteen."

AUSTRALIAN LOSSES ARE PLACED AT 28,251

Canberra, Australia, Sept. 17.—(P)—Australian war losses include 28,251 missing in action or captured by the enemy, Army Minister Francis Forde announced today.

Of these 7,667 are known to have been captured in the Middle East, mostly in Greece and Crete, while 16,286 were taken prisoner or lost in Malaya.

Forde also announced that Australian married men up to 45 years of age would be called for military service in rear areas as required to release younger men for front line duty.

Forde said that men over 40 would be used only in auxiliary units, such as the army service corps, ordnance corps and headquarters staffs.

Adams Is For 35-Mile Limit

Harrisburg, Sept. 17.—(P)—Governor James today declared he was "definitely determined by some way or other" to carry out President Roosevelt's appeal for a 35-mile speed limit to conserve gasoline and tires.

Since the Pennsylvania speed limit is fixed by statute at 50 miles an hour, the attorney general is understood to have held the governor is without authority to issue an executive order limiting operation of vehicles to 35 miles.

Harrisburg, Sept. 17.—(P)—A 35-mile speed limit for Pennsylvania was advocated today by Colonel Lynn G. Adams, motor police commissioner.

"It's the greatest way I know to aid the war effort in saving tires and gasoline," he commented.

A reduction, he said, would curtail highway deaths and thus reduce losses of manpower in war industries.

Unless a change is made in the state law, which fixes the speed limit at 50 miles per hour, "we'll be forced to shame drivers into curtailing their speed as a patriotic gesture," Adams said.

President Roosevelt recently promised to put the 35-mile limit into effect by executive order, with enforcement handled through rationing cards.

SPEED EFFORT FOR MAXIMUM PRODUCTION

Placing of Inspectors in All Important War Plants Is Proposed By Director Lund

NATIONAL SERVICE ACT

Washington, Sept. 17.—(P)—Placing of inspectors in all important war plants "to see that labor is efficiently utilized at maximum skills was proposed today by Director Wendell Lund of the WPE's labor production division.

He voiced his suggestion before the house committee on defense migration, saying that the War Manpower Commission already has the power to institute labor market controls and that it should "wait for sweeping legislation."

Paul V. McNutt, manpower commission chairman, told the committee yesterday a national service act, giving the government controls over the nation's labor resources, was "inevitable" and essential for maximum war production.

Lund, turning to the problems created by plants overstocking with labor, against anticipated rather than current needs, testified "it is natural in a period of expanding employment and impending labor scarcity for employers to hoard labor just as they want to hoard materials."

A government attempt to determine the future manpower needs of both the armed forces and industry was disclosed to congress today amid indications that the administration soon would seek a national service to combat labor shortages.

Wendell Lund, director of the War Production Board's labor division, reported government agencies were preparing a decision "on the largest and most efficient possible way which can be fully served."

Gigantic Tire Bootlegging Ring Broken

New York, Sept. 17.—(P)—A former army colonel and four other men stood accused today of operating what the government termed the largest tire-bootlegging ring in the nation organized to sell illegally recapped automobile tires. Three of the defendants are in custody and the other two were being sought today.

Federal Attorney Mathias R. Correa said the "black-market" operators disposed of the tires by declaring them to be used, not recapped, although ration certificates are necessary for the purchase of recapped tires, they are not needed for the sale or shipment of used tires.

Correa said the ring operated by sending out circular letters to taxicab companies, trucking concerns and dealers in auto accessories in Virginia, Maryland, Tennessee, Washington, D. C. and New York. The three defendants arrested and arraigned in U. S. district court were Leo Handler and Michael J. Cryne, of Brooklyn, and Richard Guest of Manhattan. Correa said Guest was a former confidante man convicted of mail fraud in 1934 and now wanted in Boston on another mail-fraud charge. Each was held in \$5,000 bail.

Handler and Cryne waived hearings and Guest was to decide today if he wants a hearing preparatory to grand jury action. The other defendants are George A. Lynch of Freeport, and Martin Mandell of Brooklyn. Correa identified Lynch as a former army colonel, but gave no further descriptions of him.

Sixth of Seven Sons Joins Armed Forces

Johnstown, Sept. 17.—(P)—The sixth of seven sons of Mrs. Margaret Rodgers, a widow, has joined the armed forces.

Mrs. Rodgers feels her sons will be lucky in war as "I had five uncles in the Civil War and they all came back without a scratch."

The seventh son, 17, is helping support his mother.

Prospect of Lower Taxes Is Held Out for Pennsylvanians

Platforms of Both Major Parties Promise Reductions in Levies Next Year

MAXIMUM WAR EFFORT

BY L. U. LESLIE
Harrisburg, Sept. 17.—(P)—A prospect of lower state taxes was held out to Pennsylvanians today by the platforms of both the Republican and Democratic parties. Each side promises reductions.

The Democratic platform, adopted here yesterday, called for a \$100,000,000 cut and named the levies which the party proposed to reduce or abolish. All but one were imposed as relief measures in 1937 during the administration of former Governor George H. Earle.

The Republican declaration of principles, approved Saturday in Pittsburgh, was in more general terms, promising:

"We will undertake to reduce taxes and equitably to revise the fiscal laws of the commonwealth."

The Republican platform called attention to increased federal taxes made necessary by the war and said "it becomes the duty of state, county and local governments to reduce their levies wherever possible."

The Democratic program proposed repeal of the four mill state tax on personal property, applicable to 1942 taxes; repeal of the municipal loans tax and a cut in the corporate net income tax, the gross receipts tax, the loans tax and the levy on bank shares.

A reduction of motor levies also was promised.

The program followed the general lines of that the Democrats pressed without success at the special session of the legislature earlier this year. Governor James, at that time, said the commonwealth's financial situation needed clarification before definite action could be taken. At the reorganization meeting of the Republican state committee in Philadelphia in May he suggested a tax cut of \$50,000,000 to \$80,000,000 by the 1943 legislature.

The two party platforms called for a maximum war effort by the commonwealth but differed in the degree of support to President Roosevelt.

The Democrats proffered "unqualified support" to the president.

No More Singing Telegrams After Friday At Midnight

New York, Sept. 17.—(P)—After midnight Friday the young men and women who, via Western Union Telegraph Co., have been warbling birthday greetings at regular tariff rates will be permitted to rest their vocal cords for the duration.

Midnight, the company announced today, will be the deadline for special-rate social and holiday greeting telegrams, reservation messages and sing-o-grams.

Alexander Simon, Western Union general manager, said that cancellation of all flat-rate telegraph services in the nation had been decreed by the company to prevent any possible interference with the efficient handling of the large and growing volume of vital war communications.

The services discontinued are:

1. Christmas, New Year's, Thanksgiving, Easter, St. Valentine's Day, Father's Day, Mother's Day and Jewish New Year greetings, sent as special rate messages.

2. Social telegrams at special rates for birthdays and other anniversaries, births, weddings, commencements and similar occasions; kiddiegrams to children, bon voyage messages, pep telegrams to school teams and fixed text messages from resorts and national parks. Also sing-o-grams and reservation telegrams for travel.

SAVAGE NEW BLOWS MADE IN ALEUTIANS

Enemy Reported to Have Lost Two Ships With Five Others and Three Subs Damaged

RESISTANCE IS WEAK

Washington, Sept. 17.—(P)—Renewed American aerial assaults on Japanese invaders in the Aleutian and Solomon islands left the enemy today with a loss of two ships, damage to five others and three submarines, and 500 troop casualties.

In the southwest Pacific were U. S. marines hammered down a third Japanese attempt to regain Guadalcanal territory, the enemy reported that marines and navy aircraft bombed and torpedoed enemy ships south of Celestial island and damaged two cruisers.

Almost simultaneously, the navy and Pacific fleet headquarters told of striking savage new blows in the Aleutians far to the north where army planes sank two Japanese mine sweepers, damaged three submarines, three large cargo ships and "several" small craft, killed or wounded an estimated 500 troops, shot down six planes and fired storehouses and supply dumps.

The big Aleutians raid, centering about Kiska Harbor, occurred Monday, the navy disclosed yesterday in the first report on that area since Aug. 22 when an American submarine sank an enemy merchantman. A Pacific fleet headquarters' communiqué said the action occurred Tuesday but both agreed on all substantial facts.

Both Aleutians and P-38's, on their first such mission in the Aleutians, escorted a my heavy bombers, consolidated "Liberators," on the assault without loss except for two P-38 lightnings which collided over Kiska.

At the other end of the far-flung Pacific battle theatre, the marines still clung to their Guadalcanal base, as the enemy announced that the intensity of the fighting had decreased. Marine patrols, meanwhile, still sought to drive enemy units from the interior of the island.

Opposition To Parity Change Is Expressed

Washington, Sept. 17.—(P)—President Roosevelt, in letters to chairmen of the senate and house banking committees expressed "unabashed opposition" today to any move to change the present parity formula for farm prices.

Aviced at a White House conference that amendments might be offered to pending anti-inflation legislation to alter the level of parity returns to farmers, the president wrote Senator Wagner (D-NY) and Rep. Steagall (D-Ala.) opposing such a move.

Parity is a price level calculated to give farmers a return for their crops comparable to a past favorable period, usually 1909-14. Some farm bloc members had contended that this formula ought to be revised to take farm wages into account, thus increasing the level to which farm prices might rise before ceilings came into operation.

The anti-inflation bill introduced by Chairman Steagall of the house banking committee provided for re-defining parity to make farm labor costs a factor.

Senator Barkley of Kentucky, the Democratic leader, said after an air-tour as President Roosevelt's volunteer messenger of American home unity which has taken him through the Middle East and which will include China.

WELCOME HOME FOR REV. HAMLIN'S FAMILY

A "welcome home" reception for
Rev. and Mrs. Martin Hamlin and
family was held last night in the
Calvary Baptist church. Rev. Ham-
lin began on September 1 his fifth
year of service to the local con-
gregation.

Immediately following the mid-
week prayer service, Rev. B. F.
Armstrong, associate pastor and
vice moderator of the church, as-
sumed charge of a brief program.
This consisted of a vocal duet by
Mrs. Elaine Haglund and Mrs. Inez
Shelling; words of welcome by Rev.
Armstrong and Miss Jane Barlow;
vocal solo by Ellen E. Swanson
and closing prayer by Mr. Arm-
strong.

Refreshments were served in the
parlors of the church, where a
portion of money was given to Rev.
and Mrs. Hamlin from members
and friends of the congregation.

The Hamlins, with their children,
Wendell, Charles and Miss Mary,
were on vacation in western Iowa
during the month of August. Miss
Mary left from there for her senior
year in Bethel Junior College at St.
Paul, Minn. Others of the family
returned to Warren and then at-
tended the Middle East Conference
of Baptist churches in Cleveland,
O., September 3-7.

Rev. Hamlin preached the con-
ference sermon on Sunday morn-
ing and was reelected as chairman
of the board of trustees. A num-
ber from the local congregation al-
so attended these sessions.

Saturday morning, with a pray-
er at 8:30 in the chapel and re-
quiem mass at nine o'clock in St.
Bernard's church. Burial will be in
the Fox family lot in St. Bernard's
cemetery.

Mrs. Hazelton was a daughter
of the late Mr. and Mrs. J. B. Fox,
pioneer residents of Bradford,
Calif., and a granddaughter of
Mrs. F. F. Field, Fifth
avenue, this city. She attended
Bradford parochial and high
schools and later Loretta Abbey
in Canada. She had resided for
several years in the west, where a
younger sister, Margaret Fox Mor-
an, preceded her in death.

She leaves a son, Lt. Ben F. Haz-
elton, and a grandson, Ben F. Haz-
elton, 4th, in San Jacinto, Calif.;
her sister, Mrs. Field; two nieces
and two nephews, Miss Betty
Field, of Erie, and Miss Jeanne
Field, Keeler Field, Miss, and
Cpl. Richard D. Field, Fort Mc-
Pherson, Atlanta, Ga.

TIDIOUTE

Tidioute, Sept. 15.—The members
of the W. B. A. met Wednesday at
the home of Mrs. William Mitchell.
After the business session, a social
time was enjoyed followed by re-
freshments.

The Rev. Paul Merkle, of Burns-
ville, N. C., was guest pastor at
the morning services of the Pres-
byterian church Sunday.

Rev. L. W. Swanson, of New
Boston, New Hampshire, spent the
weekend in Tidioute visiting rela-
tives.

Mrs. Kennedy has returned from
Pittsburgh, where she has been
visiting for a few weeks with re-
latives.

Mrs. Fred Jennings and Mrs.
Harry Jennings spent Monday in
Grove City.

Miss Rebecca Hawkey, a student
in Allegheny College, is visiting
her parents, Mr. and Mrs. H. R.
Hawkey.

William Watson, of Erie, spent
the weekend with his parents, Mr.
and Mrs. C. Watson.

Mr. and Mrs. E. J. Cornish were
Sunday visitors at Slippery Rock.

ANN SOTHERN AND RED SKELTON
IN MAISIE'S LATEST AD-
VENTURE "MAISIE GETS HER
MAN"

At The Library Theatre Friday
and Saturday

The adventures of Maisie contin-
ue fast and furious in Metro-Gold-
wyn-Mayer's "Maisie Gets Her
Man," latest in the series of which
Ann Sothern is the star, and which
opens Friday and Saturday at the
Library Theatre.

Sharing starring honors with
Miss Sothern is Red Skelton, radio
and screen comedian, who appears
as an aspiring vaudeville comic.
The teaming of Ann Sothern and
Red Skelton is a "natural" and
the first-night audience left no
doubt that there would be further
demand for other vehicles for this
pair.

The story, a swift compounding
of elements of adventure and com-
edy, is ably aided by a strong sup-
porting cast which includes such
able veterans as Donald Meek,
Allen Jenkins, Leo Gorcey, Fritz
Feld and Rags Ragland.

SUGAR GROVE

Sugar Grove, Sept. 16.—The
homemaking demonstrations fea-
tured at the Sugar Grove Fair this
year were most favorably received.
Mrs. A. H. Frank, showed the pro-
cedure for remodeling garments.
Italian hemstitching, wool em-
broidery and cross stitching were
the needlework demonstrated by
Mrs. R. S. Cumming. The latter's
efforts have done much to improve
the type of entries made in this
department. Mrs. A. A. Grant show-
ed how to select materials for slip
covers and the process of cutting
and fitting.

Another year demonstrations
will be given each afternoon where
visitors may receive help and in-
struction in a variety of home arts.
The Home Economics exhibit of
refined furniture was one of the
outstanding attractions in the arts
and crafts department. Finished
chairs, with cane, rush, and splint
seats and upholstered chairs and
gold leaf stenciling were displayed.

The senior nutrition exhibit fea-
turing the days food needs and
cooking to preserve vitamins was
highly commended by the judge.

Entries in the home economics
house included, canning, 369;
baked goods, 100; sewing, 58; dolls
and novelties, 45; fancy work, 159.

Football Gets Boost Before Kiwanis Club

At their Wednesday noon luncheon meeting at the Carver House the Kiwanis Club was entertained with moving pictures of all the spectacular football games played at leading college stadiums during the 1941 season. Mr. Schwab of the Atlantic Refining Company of Philadelphia presented this feature. The pictures were well received, and President Harold Baker of the Kiwanis Club complimented Mr. Schwab on the quality of the production "Football Highlights of 1941" and directed him to place the club on the list for a repeat showing next year.

Guests attending were Leonard Swanson, of the Warren National Bank and G. Jones of the Floridin Company.

A Kiwanis directors meeting was called for Thursday evening at 8 p. m. to be held at Don Cook's residence in North Warren. Mr. Cook is the club secretary.

President Baker announced that several new members of the club, would be appointed at next week's session, to serve on important standing committees. It was announced that next week's program would feature Everett Stokes of Stokes' Photo Studio in a novel discourse on the many ramifications of the photographers work, particularly as it would be interesting to the Warren Kiwanis Club.

Hollywood Sights And Sounds

By ROBBIN COONS

HOLLYWOOD—Cary Grant is a star who can choose the pictures he'll do. He said the other day that if Leo McCarey offered him the role of a bellhop in a story, he'd take it without a glance at the script.

This is a compliment to a director. When you consider that Cary looks over some 30 scripts a year to find the two or three he wants to do, it is quite a compliment. McCarey merits it because he was responsible for one of Grant's first big hits, "The Awful Truth," and responsible as producer for another, "My Favorite Wife."

Grant is now working with Ginger Rogers in McCarey's "Once Upon a Honeymoon." It is the director's first picture since "Love Affair" first he has directed since recovering from a nearly fatal auto accident in 1939.

McCAREY is making "Once Upon a Honeymoon," his own story with writer Sheridan Gibney, because he couldn't find in any published yarn the things he wanted to say about the Nazis. It's about an American reporter (Grant) on the trail of a Hitler baron who goes from country to country "softening up" the nations for Hitler. This gives McCarey plenty of opportunity to comment on the Nazis, but he says his picture is a comedy. There are times, he says, when he isn't sure about this because, in the filming, some of the lighter scenes are developing an emotional wallop, and some of the more serious passages are taking on a comedy tinge.

This is characteristic of the McCarey method of movie-making, for he believes in "developing" scenes and situations as they come up. This does not mean that he departs essentially from the script's story line, but that he embellishes, changes and deletes as he sees fit. A line that would be good for Irene Dunne might not ring true for Ginger Rogers, or vice versa. He likes to see his players in the characters before deciding how the script should play.

This differs from the common conception of "shooting from the cuff." Occasionally when a brilliant idea hits toward the finish of filming it means that preceding reels must be searched for "holes" and vulcanized—but Leo is an able vulcanizer.

HIS demeanor on the set is bright, unburied, almost casual. Studio executives sometimes worry about this—especially the one who came on a set once and found him playing the piano. (McCarey's avocation is song-writing.) This mogul went into his usual you're-ruining-me routine. McCarey pointed out that the lights were being set, that he hadn't a union card and couldn't help out, and he went on playing. "At this rate you'll be shooting six months from now," said the boss.

McCarey shot the scene. "There's your picture," he said. "That finishes it."

Night School Program Is Announced By Supt. Rossman

Night school sessions in the Warren District will open September 22 and the following bulletin has been prepared relative to the sessions by John G. Rossman, superintendent of schools:

This year the adult education program in the Warren Public Schools will be divided into three groups. One will be the regular night school program of past years and deal primarily with the subjects taught in the regular day school. A second one will be trade extension courses which include instruction in oil and gas, blue print reading, mechanical drawing and related mathematics. Only individuals now employed and employed in fields closely related to these or individuals who have had past experience are eligible for these courses. The third group will be set up in Distributive Trades which for the immediate present will include: Business Behavior, Economics of Retailing, Techniques of Selling, Retail Salesmanship, Consumer Relationships. The detail of this will be announced later.

Classes will begin on Monday, September 28, 1942.

Regular Night School

Registrations may now be made for any subjects offered in the

Warren Public Day Schools. When fifteen or more persons so register, classes will be established. Other classes will be added when the registration justifies the addition but no classes will be organized after Tuesday, October 6, 1942, nor will classes be continued after that date if fifteen persons have not made the required deposit.

Classes will be closed when the attendance drops below ten.

Registration deposit is \$5.00. It is not due until Monday, October 5 or Tuesday October 6. It must be made at the time of the first meeting of the class during that week. A receipt will be issued and no money will be refunded except to those who have attended three-fourths of the meetings of each particular class including the meetings of the first week. Refunds will be made at the end of the school year. Exception: When attendance drops below 10, refunds will be made to those who have attended three-fourths of the meetings to date but then only to those individuals who are registered in no other subject.

To Relieve Colds take 666 LIQUID, TABLETS, SALVE, NOSE DROPS

The school borough supplies books and the minimum supplies necessary.

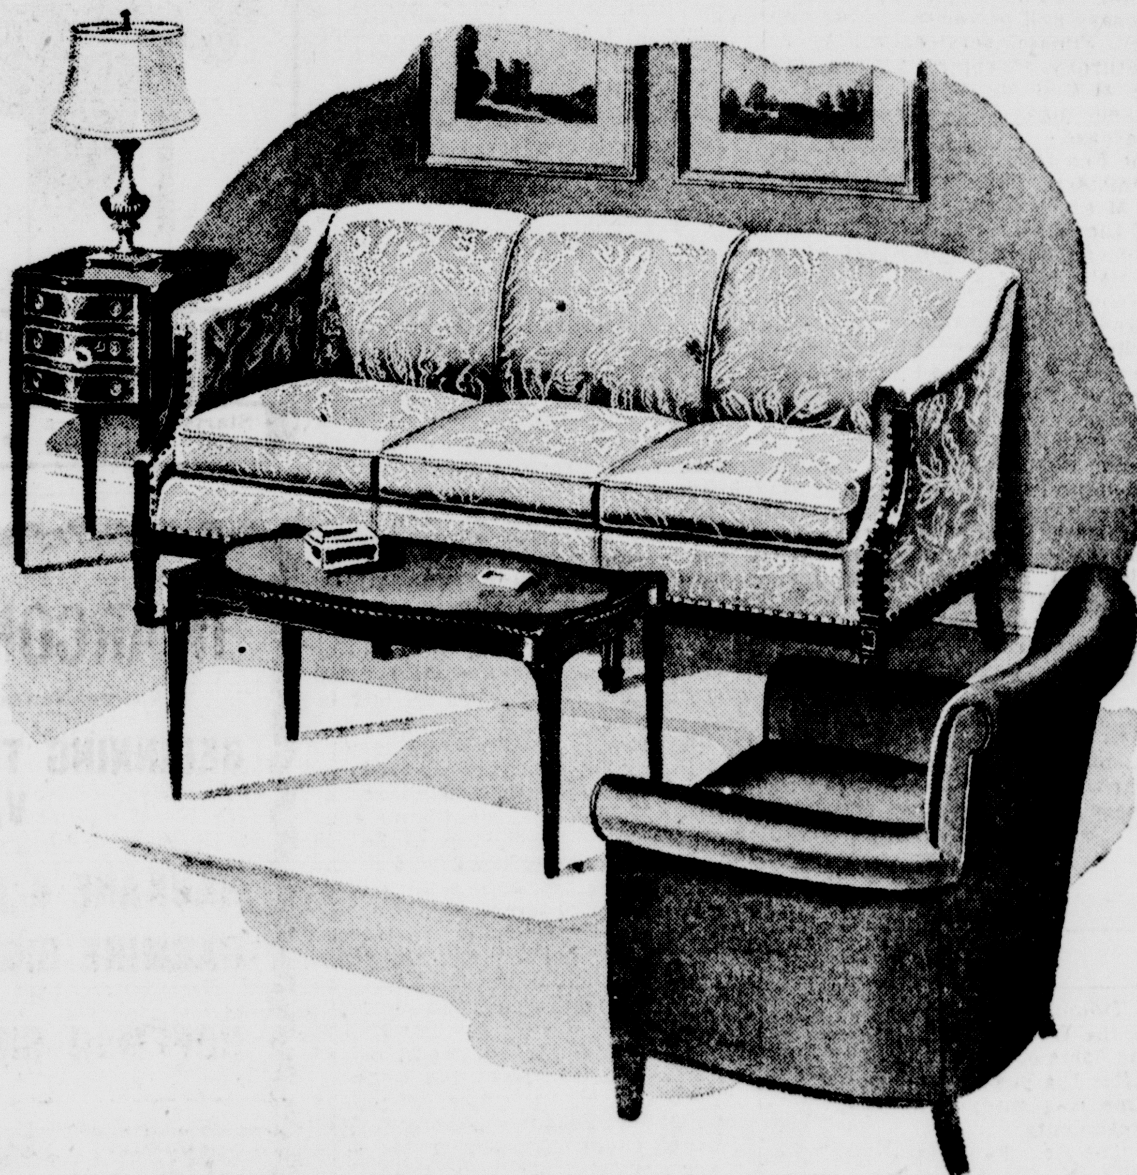

Enrollment is open to those who are legal residents in the Borough of Warren. Tuition for non-residents, payable in advance, must be paid at the rate of \$2.00 per month for each 4 hours of class time. A full program of 8 hours each week would cost \$4.00 per month. This tuition charge is in addition to the deposit of \$5.00 and is not refundable.

Trade Extension Classes These will operate under the direction of Pennsylvania State College and meet twice a week for the two hours each. They will have a deposit charge of \$3.00 which is refunded if three-fourths of the meetings are attended. The individual will have to supply his own textbooks if textbooks are necessary. Classes will meet in the High School building or in industrial plants.

Band Music Planned For Horse Show

As an added attraction at this year's Youngsville horse show band music will open the evening show and will be played between classes during the evening.

Music will be provided by the National Forge band under the direction of Harry Summers.

Those who attended the Forge band concert at Youngsville a few weeks ago will remember the exceptional manner in which this concert band played their group of musical numbers which included classical, military, and novelty music. It is expected that their performance Saturday evening will surpass that of the concert.

The band will play at the horse show until 9 p. m., as the dance at the I. O. O. F. Hall in Youngsville from 9 p. m. to midnight is to be sponsored by the Forge band for the purpose of raising funds for the winter season many members will be in attendance at the dance.

The Forge band expects to give a series of concerts during the winter months at six week intervals.

SPEAKING OF FOOD SHORTAGES

For years Loblaws have had an enviable reputation for handling a COMPLETE ASSORTMENT of fine foods. Our sales policy has always been an aggressive one. We have been FREE SELLERS of all merchandise—not hoarding or restricting quantities you could buy. We bought and sold in quantity and passed our savings on to you in the form of lower prices. Today our sales policy is the same as it has been for years. However, we find ourselves a bit embarrassed due to the extremely fast movement of practically all merchandise and our tremendous increase in business which, we are proud to say, is considerably above the average of our industry. Some of these factors have at times inconvenienced you to the point where you could not buy certain foods you wanted, but you can be assured as fast as foods are available to us, you will have them, and you can always depend on Loblaws as the food stores with the most COMPLETE ASSORTMENT under existing conditions.

Many Turn Out for 46th Annual Fall Opening Of Metzger-Wright Co.; Pretty Windows

The 46th annual fall opening of the Metzger-Wright Company, observed last evening, once again brought hundreds of Warren friends to view the newest in the season's fashions for both the family and the home, since this store is widely noted for its complete service to the latter.

Windows were exceptionally lovely, carrying out the Victory theme. Those facing Liberty street each had a mannequin in evening dress, spotlighted so that a stand bearing an eagle dominated the scene. In four Second avenue windows, blue cloth had been so draped as to form Victory "V's" with mannequin gowned in latest fashions. The three remaining windows called attention to three new shades, plum, Australian green and smoke blue, each with its accompanying accessories.

The main floor of the building was aglow with fall flowers and beautifully draped fabrics were complemented with accessories which completed the ensemble of dress, suit or coat.

Home furnishings on the second floor showed new fall floral dra-

peries and slip cover materials, seemingly gay and ever before. New curtains and draperies and wallpapers were so shown that one could plan an entire room's color thought from the display.

Women were, as usual, particularly interested in the third floor, where apparel for women and girls was shown. Certain new trends were brought out, including the peg top skirts, narrow silhouette with subtle draping of rich synthetic fabrics that closely resemble silks and wools. Evening things stressed the fitted bodice and rather full skirt. One will be wearing warmer lingerie this winter and liking it, according to that display. Military is always interesting, even attracting attention of the men, and many were seen admiring the high crowns, wide brims and profuse trimming.

On the fourth floor the home owner could exclaim over the new glassware, china and cooking utensils, all attractively grouped.

Jordan's Orchestra entertained during the evening and added much to the party atmosphere of

Community Council PTA Will Support Nutrition Project

At its meeting in the Y. W. C. A. activities building on Tuesday afternoon, the executive committee of the Community P. T. A. Council voted to support and participate in the Red Cross nutrition class project.

Miss Arlene Schure, who has volunteered as an instructor, explained the project, which is in keeping with the state convention theme, "America Strong, With Spirit Free". The National Congress of Parents and Teachers is urging all units in the country to support this civilian defense measure by volunteering its services.

It was decided to have again the poster contest held in previous years in conjunction with the Clare Tree Major play campaign; also to send Mrs. S. E. Saylor, president, to the state convention in Harrisburg on October 6, 7 and 8.

Representatives from all four local units, Lacy, Jefferson, Seneca and McClintock were in attendance at the session.

The first fall meeting of the full council membership will be held after Mrs. Saylor returns from convention and McClintock and Seneca units will be hostesses.

Anne Schwartz And Francis White Wed

Miss Anne Schwartz, of Meadville, daughter of Mr. and Mrs. Albert Schwartz, 125 Onondaga avenue, this city, and Francis White, of Erie, were united in marriage Saturday afternoon in St. Bridget's church in Meadville. The bride was attired in light blue wool with accessories of wine and wore an orchid. Miss Elma Schwartz, her only attendant, wore brown with a shoulder corsage of yellow roses. Clarence White was best man for his brother.

After a wedding trip to Cleveland, O., they will be at home to their friends at 958 "D" street, Meadville.

Mrs. White was graduated from Warren High School and has been employed by Talon, Inc. Mr. White is a graduate of St. Vincent's in Erie and is employed with the Fitch Company in Meadville.

GIRL RESERVE MOTHERS' CLUB

The first fall meeting of the Girl Reserve Mothers' Club was held Wednesday afternoon in the Y. W. C. A. activities building, with the president, Mrs. Merle Graham, in charge. The resignation of Mrs. L. R. Sherwood as secretary was accepted with regret and Mrs. Harry L. Leistikow was named to the office for the remainder of the year.

Letters expressing sincere appreciation for camping experiences the club had made possible for three girls were read by the secretary, and members were much gratified to learn these girls had benefited by this outdoor vacation. It is hoped the club can make it possible for other girls to go next year.

Purpose of the Y. W. C. A. presented by the secretaries, Mrs. J. H. West and Miss Dorothy Schmidt, took up the program period. The club voted, also, to spend a stated number of meetings doing Red Cross work or other special work as the need arises.

TIONA W. B. A.

Review No. 12, Woman's Benefit Association at Tiona, met last night at the home of Mrs. Fern Hannold with the vice president, Mrs. Mabel Morrison, conducting the session in the absence of the president, Mrs. Margaret Guilher. Besides five members present, there were two guests, Mrs. Ruth Putnam, of Erie, acting managing deputy, and the district deputy, Mrs. Albert Minnich, of Clarendon Heights. Plans were made for getting new members and at a late hour refreshments were served. The next meeting will be with Mrs. Mabel Morrison on October 21.

STONE CLASS

Members of the May R. Stone Class of the First Presbyterian church will meet at 6 p. m. Friday at the Johnson cottage near Clarendon for their annual picnic dinner.

The committee, Mildred Wendelboe, Leola Clark, Hazel Thurston, Martha Sigworth and Wava Wuesthoff, will provide coffee, rolls and dessert. Each member is asked to bring table service and a tureen. Following dinner, plans will be made for class activities for the coming year.

JEWISH AUXILIARY

The Jewish Ladies' Auxiliary at Tephareth Israel Synagogue inaugurated its new season with installation of the following officers: Mrs. Edith Gordon, president; Mrs. S. Sherman, vice president; Mrs. Gertrude, secretary; Mrs. Charles Sontag, treasurer; Mrs. Fred Greenwald, relief treasurer.

Guest Rabbi Harris led the group in community singing and refreshments were served by Mrs. A. A. Kippen and Mrs. A. Feldman.

HONORED AT SHOWER

Josephine Kushner was hostess for a party given at the home of Mrs. Walter Ellis at Irvine, to honor her sister, Helen, of Pittsfield, who is to be a bride this fall. The time was pleasantly spent and lunch was served the following: Isabell Randinella, Erma Skinner, Jo Cardamone, Wanda Zawacki, Gladys Gruber, Rose Suppa and the guest of honor.

New Head Chosen by BPW Of Youngsville; Talk Enjoyed

Youngsville, Sept. 16—At the meeting of Youngsville Business and Professional Women held Monday evening with Mrs. Harry Canfield on Ford street, Mrs. Lola Walters assumed the office of president. With regret the members of the business and Professional received the notification of the resignation of the former president Miss Edna Thompson, who because of illness in her family found it impossible to continue the office.

Mrs. Edith Young, elected vice president at the executive session was installed by Mrs. Edith Getts a past president of the local organization.

Reports were given by several of the chairmen. By a unanimous vote Miss Dorothy Wirt, who is leaving the Youngsville club to enter U. S. service as a member of the Woman's Auxiliary Army Corps was given a complimentary membership.

Miss Golda Hill gave a short talk on the subject of the duties of a WAAC. Miss Knapp as program leader gave a talk on the general topic, "What are we Fighting For?" with the special theme, "The War of Ideas" and the part of rumor in this war particularly those made in Germany. Pleasing refreshments were served by the

hostess and the September committee. At the meeting of the local board of education this week announcement was made of a number of new courses offered in the local schools especially adapted to present conditions. These courses are as follows:

Current International Relations taught by Miss Augusta Johnson; Eighth grade class in Geography of Pennsylvania; home nursing course open to girls from junior and senior high school and taught by Mrs. Robertson, school nurse; a first aid course taught by Mr. Passaro and Miss Baumunk open to the Freshman class and members of the senior high school; the Juniors and Seniors classes may choose a nutrition class taught by Miss Ostroski.

All the of the above classes are stressing phases of the courses which apply to present war conditions. Miss Ostroski is very soon to give a course in "Foods and Nutrition" evenings, open to adults and similar in scope to the classes given last year in "Clothing and Dress-making."

SUGAR GROVE

(From Page Two) features. This year prizes were as follows, costume, best, Martha and Peter Grant. Contest, Cynthia McKay, Fummiest, Laverne and Leslie Deveraux, as bride and groom, Richard Carlson with a goat in costume, Dogs division, largest, Ronald Barrett, Prettiest, Ethyle Vrohmam; assorted animals, Sue Summerson and Jean Bickerstaff, small animals, Ruth Phillips and Marguerite Stohlberg, large animals, Wilma Thompson and Gail Frank with calves.

Bicycle division, Bobby Chapman and Mary Chapman.

Sugar Grove Girl Scouts troop 6 featured an exhibit at the Fair showing craft work done at Camp Birdsall Edey during the summer. The theme for the exhibit was "In War Time a Girl Scout Can Be Helpful". This was emphasized by posters and 10 enlarged snap shots of the girls at work in their homes and in the community.

Among the craft work were snap shot albums with plywood covers, hand decorated bells of rope and grain, as well as tin can cookery utensils. Candy and taffies were sold at the exhibit. Mrs. Correll county Girl Scout director from Warren visited the exhibit and commended it very highly.

"WE'VE CARRIED 75 MILLION" WARTIME TRAVELERS
-since Pearl Harbor"

Let This Typical Greyhound Bus Answer From Experience Your Questions About Travel Today

Have you really carried that many people?

"Well, personally I've carried close to 38,000 passengers in the last nine months—but all of us Greyhound buses together have served more people than ever before over 75 million travelers."

Just who is traveling today?

"A large share of my passengers are people connected with the war effort—soldiers and sailors, selectees, reservists, war workers, business men and women, farmers, nurses, for instance."

Is your job different now?

"Yes, in a sense. I only operate on the most vital routes today. Once I was a Limited, but such service has been eliminated—along with many extra sections and all duplicated service."

Does a bus save essential war materials?

"I don't want to boast, but I'm using only a fraction as much rubber and fuel per person, per mile, as private cars do—and I'm bettering my old records every day."

When's the best time to travel?

"I can answer that easily—on Tuesdays, Wednesdays, or Thursdays, avoiding the more crowded week-ends. It's also well to skip holidays and other rush periods whenever possible."

How else can travelers help?

"By accepting occasional inconveniences with a smile! It helps, too, if you cut down on the amount of baggage you take—and if you get tickets and information in advance."

Save An Eye Daisy Sale Date Is Set

On Saturday of this week the Warren Lions Club will conduct its annual sale of daisies to raise funds for the 1942-43 "Save an Eye" campaign which has been handled by the blind fund committee of the club for a number of years.

Resources obtained from the sale held last fall have been completely exhausted because the demands have been numerous and the need great. Many requests, although worthy, have been turned down. However, 30 young people have been given eye examinations and had glasses purchased for them where it was found necessary. White canes were given to the blind upon request.

Through the efforts of the blind fund committee and the cooperation of a Cleveland specialist, one young woman received an operation enabling her to continue her studies this fall. The group also arranged for another girl to be taken to Buffalo for special care and glasses were purchased to suit her particular needs.

In view of the demand and because the cause is a most worthy one, the Lions Club is hoping that each individual asked to buy a daisy will give generously so that one more youngster may see.

The sale will be conducted by the girls of the Omega Phi Delta Sorority.

LUDLOW

Ludlow, Sept. 15—More than one hundred reservations have been received for the annual fall banquet of the Warren District Lutheran Brotherhood, which will be held in the Odd Fellows Hall at Ludlow on Friday night September 18th. It is expected that due to the tire and gas rationing, that the attendance this year will be much smaller than usual, however, the chairman, C. H. Hanson, expects that every church in the district will be represented.

Rev. Clarence A. Leslie, who has just recently been appointed to the Tabor Lutheran church in Kane, will be the guest speaker, and the many members are looking forward to hearing him for the first time.

The following churches comprise the district: Ludlow, Sheffield, Warren, Chanders Valley, Freehold, Youngsville, Oil City, and Titusville.

Lists Announced
L. Bernal Connelly, Chief Air Warden for Ludlow and vicinity, has just announced the list of Air Raid Wardens and Auxiliary Police for this locality. Girl Scouts Making Fag Bags For Boys In the Army

A new and helpful activity of local Girl Scouts was reported at the first all meeting of Warren County Council held at the headquarters on Market street Tuesday afternoon. Mrs. J. R. Elliott, chairman of the Girl Scout Service Bureau, displayed a "fag bag" made by the girls as a measure in preventing forest fires.

Attached to the drawing of each small red bag is a tag bearing the following inscription: "The Forest Rangers say keep your pack of cigarettes and matches in this bag while traveling the forests—and remember—prevent forest fires." A supply of these "fag bags" is already on hand for the hunting season and more will be made by the girls.

According to Mrs. Elliott's report, 54 hours of volunteer service have been given to the Defense Council and other organizations through the Service Bureau.

Mrs. A. T. Slatry reported for the camp committee that the number of camper weeks at Camp Birdsall Edey was greatly increased this season over other years. A camper week, it is explained, is one girl in camp for one week. In day camp, the number enrolled increased from 37 to 1941 to 42 in

1942, despite transportation problems. The greatest growth was in Girl Scout camper weeks, where the figure jumped from 80 in 1941 to 182 this summer. Brownie camper figures increased from 20 to 27 in the current season. Giving figures for girls only, the total number of camper weeks for June, July and August was 251. Adults would raise this figure by one-third and use of camp at other than summer seasons is not counted in.

The new diving board installed and the beginning of a canoeing program were reported as camping season highlights. Approximately 12 girls passed the rigid test required of canoeists and the committee hopes to have at least one more canoe next season.

Mrs. Bernal Connelly, of Ludlow, and Mrs. E. K. Rogers, of Warren, were elected to membership in the council for three year terms. The resignation of Mrs. E. P. Wroth was accepted with regret and she was elected an honorary member until such time as it is possible for her to resume active duty.

Mrs. R. W. Mackay, county council commissioner, reported that the finance committee has chosen October 8-16 for its county campaign.

LOCAL BOY SHOT IN CAMP NEWS MOVIE

Buckley Field, Colorado
Mon., Sept. 14, 1942

Dear Sir: I am writing this letter with the thought in mind that the people of Warren may be interested in learning that at least two of the local boys in the service will be appearing in newsreels throughout the country.

They are Pvt. Fred Ebel of North Warren and myself. This is how it all happened: This morning a cameraman from Fox Movietone Newsreel invaded Buckley Field and proceeded to do some "shooting". Pvt. Ebel and I along with hundreds of other soldiers were first "shot" in mass calisthenics drill. The camera was then moved to the "obstacle" course where a couple of groups of soldiers were "shot" as they ran this course. Pvt. Ebel and myself shared the honor of being in one of these groups. Our movie careers

have ended as suddenly as they began but we are proud of the fact that we got as far as we did without a screen test.

I should like to take this opportunity to thank the publishing company for the copies of the Times-Mirror we are receiving everyday. Next to the letters from our families and friends at home the Times helps bring Warren to our camp.

I'm sure I speak for all the boys when I say that it is gratifying to see the people at home one hundred per cent behind us as they are.

Yours very truly,
Pvt. Marshall N. Johnston,
765th T. S. S. Army Air Force
Buckley Field,
Denver, Colorado.

DELICIOUS VITAMINS!

Oranges

THE NATURAL WAY

You know you like oranges! But do you know how they help you get the vitamins and minerals you need?

They're first in vitamin C. And they also contain vitamins A, B₁ and G; calcium and other minerals.

DON'T TAKE A CHANCE

You don't "store up" vitamin C, so you need it every day. Without plenty of citrus fruits, the chances are you won't get enough to feel and do your best.

Play safe. Have orange juice for breakfast. Put oranges in lunch boxes, salads and sugar-saving desserts. Ask for trademarked "Sunkist" Oranges—finest from 14,500 cooperating growers. Buy in quantities; they keep.

BANK SHOTS

BY FLOYD PASSINGER, Sports Editor

We've so much to write about before departing from our duties on this desk, and our time is rationed to such an extent, what with only today and tomorrow for scribbling in this pillar remaining, that to decide on the more important items and get them all in our daily treatise is a mammoth assignment. Before looking into the sports mirror and reminiscing local activities since we entered upon the community sport scene 16 months ago in this capacity, we want to pass along a few plaudits to a bowling night Tuesday who made the honor roll. All at the Penn Bowling Center, here they are: Frank Rossell, 233-219, V. Anderson 235, Bob Check 213-225, Louis Gagnan, 200, Dick Check 201. We accepted 200 as an honor circle count on opening night. A couple of weeks and the usual 210 minimum will be established. But now, looking over our shoulder on the path we've already trod. Baseball, football, basketball, softball, tennis, golf and the rest of the local sports offered us every advantage which they possessed, and in our stay we've tried to return the favor with fair publicity in each plane. Co-operation is the only thing that can make for better sports, that's our theory as well as the one adopted by the majority of athletes and coaches. But more than having the privilege of having a hand in such promotions hereabouts, the men, all true sportsmen, whom we have met in athletics in the area can't be surpassed when it comes to friendships. Such events as softball banquets, the National Forge baseball dinner, the bowling gatherings, etc., are milestones in this sports writer's brief career thus far.

And such characters as J. B. Leidig, Heinie Kolpien, Joe Massa, Joe Passaro, Harry Rosequist, Emmy Morrison, "Rabbit" Swanson, Pete Fananitis, Pete Juliano, Thad Lawson, Harry Bittern, Homer Fleming, and so many others that space does not allow for us to mention are leaders in community athletic programs that citizens should be more than thankful for. Looking beyond, our acquaintances with other sports scribes, namely Johnny Nelson, Jr., of the Bradford Era, Stuart Maguire of the Jamestown Post-Journal and his buddy, Waite Forsythe, Joe Szafraan and Jim Rich of the Oil City papers, Thayer of the Titusville Herald and Joe Hare of the Kane Republican, Bob Grossman and George Draut along with Johnny Johnston in Meadville, Jim Davis in Franklin, and others in the area have made this more than a simple means of survival in the past year and a quarter. But we aren't saying goodbye to any of the gentlemen mentioned herewith, we're just announcing a change of address and hoping for future pleasant occasions with them all. Such a job as this has far more to it than simply sitting behind a typewriter and pounding out a few stories and columns daily. It's an education in itself, with lots of entertainment and good times tossed in. It's one of America's most highly prized possessions. Athletics are the backbone of America. And all connected with this great institution, whether player, fan or writer, can feel justly proud.

PIAA RULES SIMPLIFIED THIS SEASON

BY JERRY WEINSTEIN
Harrisburg, Sept. 17.—(P)—Pennsylvania's scholastic football regulations have been simplified for both players and fans this season.

"We've attempted to simplify the rules as well as make penalties more uniform and remove any inequalities of penalties," Dr. Frank P. Maguire, commissioner of officials for the P. I. A. A., said today.

The major change, he added, removed restrictions on the forward pass so that the aerial offensive might be made more potent.

Principal changes:

1. Any number of forward passes may be made on one down provided they are started from behind the line of scrimmage. In 1941, only one was permitted.
2. During a kick from scrimmage when the kicking team secures possession before the receivers touch the ball, the ball is dead as soon as it is possessed. Last year, the ball was not dead until declared so by an official.
3. Interference on a forward pass by the defending team means loss of 15 yards from line of scrimmage and automatic first down. Previously, the ball was placed where the foul was committed.
4. When two fouls occur between downs before the penalties are enforced, the fouls will offset each other as a double foul. Last year, each foul was penalized in order.
5. Any kick from scrimmage which crosses the receiver's goal line is dead immediately even if touched by some receiver in the scrimmage zone.
6. When a forward pass is incomplete behind the passing team's goal, it is not a safety unless it is intentional grounding of the ball behind the goal.
7. A substitute will no longer be required to be sanctioned by his team captain.
8. When a withdrawn player returns to the game before an intervening play, a penalty of five yards is imposed. In 1941, the penalty was 15 yards.
9. When any free kick, such as a kick off, kick following a fair catch or safety, is out of bounds, the official shall be required to put the ball into play at the most advantageous spot for the receiving team.

Three 4-Team Circuits On Arcade Lanes

At a meeting held at the Arcade Recreation Alley last evening a junior City League was organized, the first step to be taken in several years toward formation of a loop for youths in the community.

The circuit, which provides younger bowlers with an opportunity to ready themselves for faster league kegling another season, will open next Wednesday evening at seven o'clock, to consist of four teams.

Bob Hedberg, Bob Brown and Ed Allen were elected to respective positions as president, treasurer and secretary.

An additional announcement to the fact that last night's meeting was so successful another such loop will be formed to take care of many young bowlers who failed to get in this league, was made, and also another statement that a Youngsville league is ready to let the lid fly next Thursday, a four team loop to operate at the Arcade.

Miss Thelma Winner Of Reading Futurity

Reading, Sept. 17.—(P)—Miss Thelma, owned by Dunbar W. Bostwick of New York City, raced the fastest three-year-old trot for fillies over a half-mile track this season to win the rich Reading Fair Futurity yesterday. She took two heats, each in 2:07.

The little bay, with Harry Whitney driving, had strong competition from New Hope, brown gelding by Protector. The third heat went to Seven Up, owned by E. T. Gerry of New York City.

Sullivan Mawhinney's Widow's Pride, by Abbedale, won the two-year-old pace futurity in straight heats. With Vic Fleming piloting, the Maine entry equaled the 2:07 record for the event set last year by Court Jester.

Millersville College Cancels Grid Sched

Lancaster, Pa., Sept. 17.—(P)—The athletic committee of Millersville State Teachers College has voted to cancel its six-game football schedule for 1942.

The committee attributed its action to irregular transportation facilities which would require two and three days and heavy housing and feeding expenses for its 30-man squad.

Bloomburg State Teachers College took similar action several weeks ago and withdrew from Millersville's original seven-game schedule.

Clean-up Time For Mahaffey Gridders; Janitor Head Coach

Mahaffey, Pa., Sept. 17.—(P)—The school janitor, a member of the school board and Miss Madeline Bell, coach of girls' athletics, is the combination which has permitted the high school of this Clearfield county community to keep its football team.

When Coach Gerald Groninger resigned to join the army air corps and all other men left the faculty, Janitor David Hall stepped into the head coaching post, aided by board member Guy Wense, he coached the team to a 46-0 victory over Weedville high school of Elk county in the opening game.

Miss Bell is acting as faculty manager. In addition, she has worked out a schedule where by long trips have been eliminated as a final contribution she's writing the team's publicity.

CITY LEAGUE ROSTERS ARE MADE KNOWN

Warren's fastest bowling circuit, the City League, today announced its eight team rosters together with the sponsors of each team. The City League season will begin Monday evening of next week at the Penn Bowling Center, matches to start at seven o'clock.

Having chosen five men for each club in the loop this year, the teams have been divided equally as to strength in a partial lottery from which a league committee prepared what is believed to be eight evenly matched outfits that should engage in a red hot pennant chase this season.

Following are the teams and sponsors:

B. & B. Smoke Shop—Bob Ritchie, Baldensperger, Dr. Guinta, Mike Bleach, Sam Cosmano, Wayne Billard Academy—Barney Malone, A. Karlson, L. Allen, Frank Gerardi, R. Johnson, Fadale's Amusement—Harold Biers, Leo Weidert, Frank Fadale, W. Stanton, O. Kyler, Chimenti's Restaurant—V. Anderson, J. Randinelli, E. Logan, N. Graebner, H. Clepper, Henderson's Lunch—R. Ross, C. McLean, H. Baldy, C. Christensen, E. Hagberg, Koch's Busy Bee—Johnny Waples, Warren Miller, Harry Christensen, Pete Juliano, Carl Patchen, Texas Lunch—Dick Check, C. Hultman, J. Lynch, G. Lundquist, Myron Check, Recreation Center—W. Hoagvall, R. Schussler, G. Grosch, Bob Check, Otto Lynch.

X-Ray, Engineers In Clean Sweeps as S-W Keglers Open Season

Struthers-Wells Bowling League wrote the first chapter to a new season's story last night over the Penn Bowling Center alleys as eight teams went after strikes and spares.

The X-Ray Department, one of last year's stronger aggregations, pushed the Heaters around with ease in piling up four points and gaining a clean sweep in their opening night match. The winners added 2506, high team total, had a first game 854 which was tops, and Yarzabek paced the way hanging up high individual total with 612.

The Boring Mills took three points from the Machine Shop, Bob Check's 523 heading the parade for points, and the Engineers swamped Plate Floor with a four-point victory. Barnhart had 577 and Driscoll, 549, to lead the winning attack.

This evening the Commercial League bids the town welcome and tomorrow evening the new eight-team Ladies League, an outgrowth of last season's four-team loop, will roll for the first time.

The schedule for tonight's Commercial League action to be seen at the Penn Bowling Center: Bradford Penn vs. Olson-Biers, 1-2; Oscar's Restaurant vs. Times-Square, 3-4; Keystone vs. 3-G, 5-6; Crosetts vs. Valone's, 7-8.

Foremen B trounced Foremen A, 3 to 1, after losing the first game by three pins. Hannold led the winners with a 562 total, most of which was the result of a steady 227 finisher.

All-Stars Win, 13-7, Over Grid Dodgers

Baltimore, Sept. 17.—(P)—Col. Robert Reese, Maryland's Eastern Army All-Stars headed today towards the toughest of their three games in a nine-day endurance campaign for the Army Emergency Relief Fund with a second pro team's scalp at their belts.

The All-Stars staged a fierce fourth quarter comeback last night to defeat the Brooklyn Dodgers of the National Professional Football League, 13-7, before 45,000 persons in Baltimore's Municipal Stadium.

There are four extant copies of the Magna Charta.

A Promise for Tomorrow

By ELEANOR ATTERBURY

Chapter One
Lost Sweetheart

JULIE saw the headlines as she came back to the office after lunch. FOUR SHIPS LAUNCHED AT LOCAL YARD TODAY.

Pete's ideas were beginning to show results, she thought, smiling as she dropped a coin in the newspaper's grimy paw, scanned the front page while the creaking elevator jolted her to three flights. Four more ships today would put Fowler shipyards well in the lead. That ought to help Pete through this awful week.

"Good news, isn't it, Dr. Julie?" Old Flannigan grinned as he hauled her to the grid door for her. "Young Pete Fowler's got a head on him all right, even if he ain't got two good legs. Bet Old Fowler's proud of him today."

"We all are," Julie smiled, hurried down the long musty hallway to the front office.

She pushed open the door where for thirty-five years the name Thomas B. Hamilton, M.D., had been printed in black letters, and where for thirteen months another name had been added below—Julie B. Hamilton, M.D.

It hadn't seemed that long since she'd finally won the coveted degree. Every moment since had been so full of work and anxiety and even dark fears. But Dad's confidence, his pride in her, his always, helped her over the bad spots.

She nodded at Miss Dalton, a stiff spindly of starched white linen on guard in the reception room. "Any messages?"

"Mr. Pete Fowler will be in for a heat treatment," Miss Dalton said briskly. "Dr. Tom has been detained at the hospital. Will you give the treatment or shall I?"

Julie grimaced. "You do it. Pete wouldn't let me prescribe a cough drop."

"Very well, Dr. Julie." Unbending, Miss Dalton went back to her desk.

Julie slipped out of her coat, into a white uniform, and consulted her appointment book. Not a free moment until five-thirty. Days on end had been like this. Dad's practice, and incidentally her own, had more than doubled in the last six months. With all the younger doctors going into the service, Julie's hard-fought battle for her M.D. didn't now seem so unnecessary. She was glad she hadn't let anything—even the hoots and jeers of two older brothers—deter her.

"What you want is MRS., Little Sissy," they teased. "Not M.D. You aren't built to be a career woman. Besides, who'd trust a pretty pair of hands like yours with a scalpel?"

Good Soldier

PRETTY or not, these hands had held scalpels, forceps and bandaging, and people did trust her.

She felt grateful—and humble. Not all the old patients, of course—the Fowlers and the Kellands, the rich and the industrial. They still insisted on seeing Dr. Tom. But many of the new people, men working to make Pete's ships move off the ways in record time, and their families, Julie'd already won her first battle against an epidemic of measles and broken arms, and brought dozens of mothers triumphantly through childbirth. She'd stood without flinching at her father's elbow through the long, difficult operations that saved lives, re-built broken bodies.

"You're a good soldier," Dr. Tom had told her. "I'm proud of you."

Julie wore his praise like an invisible medal, glad that she too could serve. With two brothers piloting planes somewhere in the South Pacific and setting records for heroism, it was only her share of the load.

Not that all heroes were in the South Pacific, that she added, wincing as she heard Pete Fowler's deep voice in the reception room, the dull thud of his cane on the polished floor. Tall, powerfully-built Pete who, like her, had big handsome brothers, had taken to the air like a young eagle, had flown hundreds of miles for outstanding recognition, only to end his brilliant career in a crash that was as humiliating as it was horrible. A bad landing had killed his commanding officer and sent Pete to a hospital with a broken back.

They'd said he'd never walk again. But they hadn't known Pete. What exercise and swimming and expert care hadn't done for him, sheer will power had accomplished. He walked—with a cane when his back ached most—but often with only a slight limp. But the eagle's wings had been cut and Julie for one, knew that behind Pete's smiling calm lay horrible suffering.

Hiding pity behind a bright smile, she opened the door.

No Pity

"HELLO, Pete. How does it happen you're not down launching a boat?"

Pete, despite his injury, still carried his head high, his shoulders squared. He grinned down at her, his deep blue eyes catching the gleam of his match as he lit a small-bowled pipe.

"Well Little Sis, I have to admit that the boys can launch the boats without my help."

"Not really!" she teased, slipping at usual into his role of old friend-and-playmate.

There'd been a time, a too-terribly-short-time, when Pete's blue eyes had told her she'd been promoted from playmate to sweetheart. That had been before the accident. Since then she'd been little sister of his best friends—nothing more.

For a moment Pete just looked at her, his face a white mask. Then he said, hollowly. "Thanks for the lecture, doc."

Julie didn't answer. She could only stand horrified at the cold fury in Pete's eyes, aware that with that moment went the last possible hope that someday the Pete who had been her sweetheart might come back.

To be continued

"Thanks for the lecture, Doc," Pete said hollowly.

Cream

Garden Relish
1 cup sliced peeled green tomatoes
1 cup sliced peeled red tomatoes
1 cup chopped sweet red peppers
1 cup chopped green peppers
2 cups diced celery
1 cup chopped onions
2 cups diced cucumbers
1 cup sugar
1 cup brown sugar
5 cup corn syrup
1 tablespoon white mustard seed
1 teaspoon paprika

Sprinkle salt in layers on vegetables, blended. Let stand over night. Drain and add rest of ingredients. Boil gently about an hour.

Peach Plummary
3 tablespoons cornstarch
2 tablespoons flour
1/2 teaspoon salt
1 cup sugar
1 tablespoon lemon juice
1 cup orange juice
2 cups fresh sliced peaches
1 egg
1/2 cup almonds

Mix cornstarch, flour, salt, sugar, juices and peaches. Cook 20 minutes in double boiler. Add egg and cook 2 minutes. Cool and add almonds. Chill, unmold and serve with cream.

If your family likes chops and steaks highly seasoned, try this: A minute before the meat is to be taken from the stove spread the top quickly with 1 teaspoon each prepared horseradish, mustard and Worcestershire sauce mixed with 2 tablespoons butter. 1/2 teaspoon salt and 1/4 teaspoon paprika

Hordes of German Reserves Reported Moving Upon City

ed slain on other sectors of the Stalingrad defense zone in engagements which frequently developed hand to hand fighting. Nazi tanks, armored cars and ammunition trucks were brought under the damaging fire of Red army artillery.

Tremendous fury was reported in the fighting in the northwestern section, with the Germans swarming into every house they could seize.

They fired from attics and cellars, a dispatch said, but the Red army men ejected them from many.

Several hundred thousand troops were declared by Izvestia to have been concentrated by the German command for the push that broke into the outskirts.

Transport planes brought up fresh forces and poured them into the battle. Plane landings this close to the front indicated that the Germans were able to establish landing fields immediately outside the city.

Red Star said 5,000 Germans were killed during a counter-attack in the Sinyavino area of the Volkhov river front and fighting flamed on the central front, in the upper Don basin and along the Terek river valley of the Caucasus.

Elite Soviet guards were reported to have captured a German tank, two guns, four trucks, 28 machine-guns, 33 cases of mines and a document-laden staff car in the Mozdok area.

LOTS OF MUSHROOMS CIGARETTES AND SUGAR

More than 700 species of mushrooms have been proved edible, and many others doubtless will be found fit for food, according to authorities.

Twenty million pounds of sugar are used annually in the manufacture of the 130,000,000,000 cigarettes produced in the United States.

Wire Service Improved By Change In Office Hours

Effective today, C. S. Burnette, manager of the local Western Union office, announced his office would remain open until 10 p. m. on week days. The Sunday hours are unchanged.

This improvement put into effect to better the telegraph service, and as well relieve the local DW Pennsylvania railroad tower operators located on the south side from starting their Western Union work until one hour later than has been the practice. The railroad operators are at this season busy with railroad traffic in connection with the war effort. Warren will continue to have 24 hour Western Union service for urgent messages, the branch office at DW Pennsylvania railroad tower will handle all telegrams from 10 p. m. until 7:30 a. m. when the Western Union opens.

Today is the last day Western Union will accept special-rate social messages to be delivered on their familiar decorated and color-coded forms. This means that only

regular rate telegrams can be sent and all of those will be delivered on the regular yellow blank, to be enclosed in the standard envelope. It is pointed out that suspending the special-rate birthday and other social messages for the duration to assist in speeding up important government and other way production communications is a definite contribution to the war effort; but that it is inevitable that messages of the same character will continue to be sent, though in reduced volume and under different classifications.

Patrons attention is directed to the moderate cost of full rate messages and the extremely low rates for night letters, also that any telegram at regular rates is accepted, but must be delivered on the regular blank. Mr. Burnette has instructed all his people to be helpful in giving everyone the opportunity to send social telegrams of their own composition and to emphasize the fact that in the latter category the cost is very little more than the former flat rates.

SAVE YOUR TIRES!

Reporting to the President on America's rubber crisis, the special Baruch Rubber Committee recommends in part: "That compulsory periodic tire inspection be instituted."

Thousands are already guarding future mileage with Esso "16 to 1" tire service!

Five weeks ago . . . long before the President's special rubber committee recommended "compulsory periodic tire inspection" as a means to keep the nation's motor cars rolling . . . Esso Dealers launched a remarkable new program to do that very thing!

Based on two new scientific instruments, this service lets your Esso Dealer measure accurately the mileage remaining in your set of tires as they stand right now. In 16 cases out of 17, we have found that motorists have more miles left than they think they have!

That extra mileage is vital. It must be saved.

It can be saved for you by your Esso Dealer. As fast as possible we are supplying Esso Dealers with the new tread depth gauges and tire mileage calculators. Your Esso Dealer has his or soon will have. See him now. Let him measure your miles to come. Then let him help you see that you get every last one of them!

BUY U. S. WAR BONDS AND STAMPS

EVERYBODY AT LEAST 10%

★ ★ To Win the War! Thanks to American research, the armed forces of the United States are assured the best fighting equipment which modern science can devise. But, it takes money—lots of it—to produce the guns, the planes, the ships, necessary to win the war. That's why the government urges you to invest at least 10% in War Bonds every payday.

★ ★ To Enjoy the Peace! Research also works for peace. New discoveries and developments, like plastics, completely air conditioned homes, television, electric home servants, and a score of others, reveal the shape of things to come. We are fighting

today so that we may enjoy these things tomorrow. When the last bomb has fallen and Victory has been won, the American people will want more and better things, which industry will produce. The War Bonds and Stamps we buy today will provide the means with which to buy the things we want tomorrow.

False Teeth

That Looser
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store. (adv.)
